Flying Teachers – your partner for a career in English Language Teaching

Would you like to become an English Teacher? Are you interested in teaching in Switzerland or worldwide? Have a look at the Cambridge English CELTA programme, which has been offered by Flying Teachers since 2001. More than 1000 teachers have done their course with us!

Sue Wood
Cambridge Centre Manager

My name is Sue Wood and I am Head of the English department and the Cambridge Centre Manager, with responsibility for CELTA, DELTA, Bridge to SVEB and TKT as well as all Cambridge Examinations.

My role within Teacher Training is to coordinate all aspects of the programme, ensuring both tutors and trainees have all the information they need for a successful course.

Daniel Nadig
Cambridge English CELTA Tutor

My name is Daniel Nadig and I have been teaching English since 2010 in many contexts and countries. I started at Flying Teachers in 2015, did the DELTA, became a CELTA tutor and started giving workshops for teachers. As a teacher and teacher trainer I enjoy working with people from various backgrounds and I aim to create an experience which is useful, memorable and enjoyable for all.

Anne Skulicz
Cambridge English CELTA Tutor

My name is Anne Skulicz and I've been teaching English since 2000. I completed my DELTA in 2008 and shortly afterwards trained as a CELTA tutor. I enjoy the opportunity to meet and work with people from a variety of backgrounds and seeing our students and trainees develop and grow.

The Cambridge English CELTA

The CELTA (Certificate in English Language Teaching to Adults) course is the original «TEFL» course.
Flying Teachers offers full-time and part-time CELTA courses. The course will teach you the principles of effective teaching and a range of practical skills for teaching English to adult learners. You will have hands-on teaching practice, observe experienced teachers in the classroom and complete four written assignments.

Our courses are designed to help you gain the required teaching skills and make the course an enjoyable learning experience. Our CELTA trainers have a reputation of being supportive and helpful: more than 1000 teachers have done the CELTA with us!

Our course is intended for those without previous experience who wish to enter the profession and for teachers with no previous training in this field. Success in the Certificate has enabled many candidates to obtain their first teaching position: the course is highly regarded by employers as providing sound initial training and a strong basis from which to develop your teaching skills as a teacher of English.

CELTA is accepted throughout the world by organisations which employ English language teachers.

Part-time	face-to-face	CHF 3500
Thursdays and Fridays (09:00-17:00)	160 hours	Duration: 10 weeks

«I have enjoyed all the Celta sessions! The trainers have guided me throughout the course and have shown me how to teach the language skills. What I loved the most was the way they explain things clearly and enthusiastically in such a way you can easily learn, recognise and remember.»

N.D., Celta participant, June 2021

Bridge from CELTA to SVEB

SVEB is the most prestigious Swiss teaching qualification for the adult educational sector. SVEB shows the job market that you have taught groups of adults and are familiar with effective strategies and techniques for the management of large groups. CELTA holders can acquire the SVEB I certificate by attending a two-day course at Flying Teachers. Please refer to the Bridge from CELTA to SVEB I application to understand the conditions of participation in the course.

Course description:
Two-day training programme on group dynamics, group development, group cohesion, student behavior and the Swiss Educational System.
Twenty hours on reading and research for the completion of two written assignments (4.000 words in total).
Trainer: Course taught by Cambridge English and SVEB accredited trainers.

Full-time	Zurich or Online	CHF 710*
2 Saturdays (09:00-17:00)	32 hours	Duration: 2 days

* CELTA teachers who have completed a CELTA course previously with Flying Teachers are eligible for a discount. Contact us for more information: teachertraining@flyingteachers.com.

«I found the Bridge from Celta to SVEB I course extremely useful. The course was very practical with lots of ideas and procedures that have a positive impact on the teaching of groups in Switzerland. The course was on the weekend and the group was great. We exchanged a lot of information. I would recommend the Flying Teachers Bridge course.»

Supervised Teaching Practice

(an internship programme offered to Flying Teachers CELTA trainees)

Flying Teachers is reference in English Language Teaching and Training.

The Flying Teachers Training Centre (CELTA/DELTA/SVEB) is a leading educational centre for language teachers in Switzerland.

Flying Teachers has been training English teachers since 2001 and language teachers for French, German, Italian and Spanish since 2006.

Life after CELTA: If you do your CELTA course with us, you will have the opportunity of doing an internship in our training centres in Bern and Zurich.

Who are the internships for?

- CELTA teachers without any previous teaching experience apart from the hours taught during CELTA
- Qualified teachers without any formal teaching experience
- Experienced teachers looking to complete practical training
- Teachers wishing to gain experience in teaching English online

Our offer:

- You will teach a four to six-week language course with adults with lesson plan models and detailed course programmes
- You will practise managing a group of learners and teaching a programme for a specific period of time
- You will develop key teaching skills like planning from lesson to lesson, delivery and assessment
- You will take on responsibility and work in a structured relationship with the learners
- You will learn how to teach a sequence of lessons
- You will teach either daily, two or three times a week (either from 8.30-11.00, 11.15-13.45, 14.00-16.30 or 17.30-20.30). Courses are offered on a monthly basis

We offer the following support:

The programme will include at least one observation with a CELTA/DELTA tutor and you will receive a detailed report on your performance with a detailed action plan for professional development. The tutor will also be available to answer any questions you might have about the sequence of lessons (material selection, procedures, approaches).

Further benefits

You will receive a detailed internship report at the end of the training programme. Last but not least: you will also receive an internship salary.

In order to help new CELTA trainees acquire experience that is relevant to the Swiss teaching context, Flying Teachers offers the Supervised Teaching Practice programme (STP). STP helps you start teaching immediately after your CELTA course. Please read the STP course conditions carefully.

For further information please contact: teachertraining@flyingteachers.com

*"I started my STP two weeks after CELTA. It was a lot of work but the programme showed me how much I still needed to learn after CELTA. I am so grateful that I was accepted in the programme. **It was a great experience and I taught my first class then!**"*

Recent CELTA graduate, Jason Widmer

Workshops for teachers

In order to help you develop your teaching skills, Flying Teachers has a rich programme with workshops on topics that are relevant to the English classroom.

How to deal with mixed ability classes

Have you ever had a wide range of levels in a class so that it was very difficult to teach them together? This workshop examines different teaching techniques to work at different levels within the same class.

Error correction techniques

One of the main dilemmas for teachers is error correction. It is always tricky to know when and if to correct students and how to go about it. The aim of this workshop is to explore different error correction techniques that work in the classroom.

Hybrid teaching

Hybrid teaching has become one of the most useful teaching methods to use. The aim of this workshop is to look at traditional teaching strategies and how they can be adapted to a hybrid setting to ensure success in the classroom.

Designing your own tests

Assessment matters: In this workshop we look at some of the issues behind designing your own tests and give some practical examples of how to go about it.

Exploiting materials

Are you using Roadmap or Business Partner? This workshop will look at all the additional materials available and they will boost your courses to a higher level.

Dictation in the classroom

Dictation has been used in language classrooms for a long time. For many teachers these days, the word dictation is synonymous with old-fashioned, boring, and teacher-centred. Is it really as outdated and uncommunicative? This workshop explores dictation techniques which are creative, generate interest and serve as an effective tool in the classroom.

Task-based learning and teaching

Task-based learning (TBL) is considered one of those effective methods used by teachers that lead to serious improvements in language performance. We look at how you can get students engaged and using English by using TBL.
