## The application process and pre-course work:

1: Please complete the enclosed application form by hand and send the original to Flying Teachers by post (address on the following page). It is always a good idea to keep a copy of the document because the original is kept by the school.

2: If the application and writing tasks are considered suitable, you will be invited to an information session/ group interview with your future course tutor and other potential trainees. The information session aims to provide you with essential information about CELTA and it also includes a one-to-one interview. In addition, it will give you the chance to see the school premises. We generally organise these sessions when we have **at least five applications** for a course. Telephone interviews are also possible, often via Skype.

3: If you and the course tutors consider that CELTA is the right course for you, **you will be asked to sign a course contract and you will receive an invoice that must be paid before the course start date**. It is only after these two procedures (contract and payment) that your participation in the course is confirmed. To prevent last minute changes, this is generally done two or three weeks before the course start date.

4: After this stage, cancellations and refunds will not be possible. Please read the course conditions you will find at the end of this document.

5: The pre-course preparation stage involves:

1. The completion of a pre-course booklet, which is sent to you electronically. The booklet is for self-study and you will use a key to correct the answers.
2. The pre-course mandatory reading is the book **Learning Teaching by Jim Scrivener**, 3rd Edition. MacMillan Books for Teachers.

6: The course is offered on a "first come, first served basis", but we recommend that you should send your completed application at least one month before the course start date.

7. Before you register for the course, please remember:

Former trainees highlight that they spend about six hours between sessions, planning lessons and researching language that they will need to clarify to learners. This amount of time between sessions needs to be taken into consideration by future trainees.

8. Last but not least: We have guided hundreds of trainees, from a variety of origins, ages and professional backgrounds in all these years, so come to Flying Teachers and make sure you will pass.

### **Supervised Teaching Practice (STF) at Flying Teachers Zurich and Bern**

- The programme is only available for teachers who have done CELTA with Flying Teachers.
- In order for us to offer Supervised Teaching Practice, we need to have students for the programme and we might not be able to offer the courses on a monthly basis.
- **We always contact the CELTA tutors for feedback on the candidate's suitability for Supervised Teaching Practice.**
- We have been offering the Supervised Teaching Practice for newly CELTA graduates since 2003. The aim of the programme is to provide the Flying Teachers CELTA graduates with an opportunity to acquire a minimum of 80 teaching hours in a supported environment. The trainees teach groups of adult learners, using a coursebook and following detailed course programmes prepared by the Flying Teachers Teacher Training Department.
- The lessons are generally in the morning or in the evening, for about two hours, from Monday to Friday for a month.
- The teachers get paid for taking part in this teacher training programme.
- The teachers receive a detailed certificate of participation in the programme (Arbeitszeugnis) describing what they have done during the month. Participating in STP does not mean that the candidate will be hired by Flying Teachers.
- Our Quality Management Department and class observations will enable us to assess the success of the programme and the suitability of the new teacher to become a Flying Teacher. Based on that, the teacher might immediately become a member of our staff. This means that the teacher will have access to our intranet, being able to apply for the teaching positions we advertise on a daily basis. Our statistics show that we offer part-time teaching positions to 80% of the people who take part in the STF.
